GREENHOMES AMERICA WINS TOP NY STATE ENERGY AWARD FOR SIXTH CONSECUTIVE YEAR

*Syracuse-based company consistently recognized by NYSERDA for outstanding
achievements in home performance*

Syracuse, N.Y. — February 21, 2008 — GreenHomes America, the largest and most trusted home performance contractor in New York, has won the Home Performance with ENERGY STAR® Outstanding Achievement Award for 2006-2007. The award is given to the program contractor who provides high quality, comprehensive services, and completes the highest volume of work. This is the sixth consecutive year GreenHomes has been presented with this award.

Sponsored by The New York State Energy Research and Development Authority (NYSERDA), the Home Performance with ENERGY STAR awards were created to honor leading builders, contractors, home energy raters, and trade allies for their significant advancements in area of home performance contracting,

“At GreenHomes, our number one focus is customer service, so to be recognized for the quality work we do makes us extremely proud,” said Brett Knox, president of GreenHomes America. “We are even prouder of the fact that this is the sixth year in a row that we have received the award. This consistent recognition validates our whole home approach is working, and is a tribute to the pride our employees take in making our customers’ homes comfortable, safe, and energy efficient.”

GreenHomes was the first contractor to join the Home Performance with ENERGY STAR program in 2001.

About Home Performance with ENERGY STAR

The Home Performance with ENERGY STAR program is sponsored by NYSERDA through the state's New York Energy Smartsm program. Under Home Performance with ENERGY STAR, single-family homes of any style or size can be improved to reduce energy use by up to 40 percent or more. NYSERDA offers low-interest loans, as well as subsidies and other incentives, to qualified homeowners. For more information about these programs, visit www.GetEnergySmart.org or call 1.877.NY.SMART.

About GreenHomes America

Syracuse-based GreenHomes is the largest industry-accredited, single-source provider of home performance contracting (HPC) in New York. GreenHomes offers an award-winning home improvement service that significantly enhances the comfort, energy efficiency, and air quality of existing single-family homes. GreenHomes delivers a full line of services including comprehensive home assessments, windows and doors, furnaces and boilers, on-demand hot water heating, insulation and air-sealing, indoor air quality, and solar systems. Beyond delivering in-home comfort and addressing common problems such as drafts and ice damming, GreenHomes also helps homeowners conserve energy and reduce carbon emissions to help them do their part to protect the environment and reduce the country's dependence on foreign oil. GreenHomes works with Home Performance with ENERGY STAR and is a Building Performance Institute (BPI) accredited organization. For more information on GreenHomes, call 1.315.474.6549 or visit www.greenhomesamerica.com.
